CUT RED / FOLD DOTTED

50 mm

Pocket Press

One sheet, eight pages

摺出八頁

1. A4 橫式、單面、100% 列印。先在紙上量印刷下方的 50 mm 線。
2. 長向對折再攤開，中線分成上下兩列。短向對折後再沿四分線壓出摺痕。
3. 攤平，沿紅實線由中間左四分線剪到中間右四分線。左右各一格維持完整。
4. 印刷面朝外沿長中線摺回，從兩端向中間推，讓割口張成十字。按 1 至 8 的順序將頁面疊合。

封面列 1，翻過去能連讀 2 至 7，封底列 8。剪口若跑進封面那格，換樣張重試。

Fold eight pages

1. Print the sheet on A4 landscape, single sided at 100%. Measure the 50 mm line before folding.
2. Fold along the long centre line and unfold. Fold across the short centre line, then crease both quarter lines.
3. Open the sheet. Cut only the solid red centre slit between the two inner quarter folds.
4. Refold lengthwise with print facing out. Push the ends together so the slit opens into a cross. Collapse the arms into page order.

Page 1 is the cover. Pages 2 through 7 follow, with 8 as the back cover. The slit must never enter the end panels.
